Picture Day Schedule ~ Saturday, June 7th

Please arrive 5 minutes early, dressed in your assigned costume. *The assigned time below is the group photo time, not arrival time.* If this time doesn't work for your family, please let the office know so we are not waiting on your arrival. You may stop in anytime during the schedule to have individual photos taken.

Hair/make-up can be worn however you decide for photos.

Group photos will be taken first, followed by individual portraits for those who wish to participate. Sibling dance photos may also be taken after group pictures.

To help the photographers capture the best memories, we kindly ask that parents remain outside the studio rooms during the photo sessions.
